

## RADIO LOAN SCHEME

The Cambridge University Wireless Society, in conjunction with the Cambridgeshire Repeater Group, is delighted to announce a Radio Loan Scheme for full time Cambridge University students who are licensed Radio Amateurs. The scheme allows students to borrow a fully featured VHF/UHF handheld FM transceiver (Current model - the Yaesu FT-60R; 5w 2m & 70cm) along with charger, etc, **free of charge** for the duration of their time at Cambridge.

The Cambridgeshire Repeater Group operates FM voice repeaters and Echolink nodes which cover Cambridge, so there is now a real opportunity for students to spend time on-air without having to travel to the CUWS shack every time they want to operate.

### HOW TO APPLY:

You will need a copy of the first page of your Amateur Radio License, showing your current home address. Then just send an email to the Scheme Co-ordinator: Neil Whiteside G4HUN (neil@g4hun.net). He will arrange for the rig to be delivered and for you to sign the loan agreement.

A sample of the agreement can be downloaded from [www.cambridgerepeaters.net/CUWS](http://www.cambridgerepeaters.net/CUWS)

Any queries should be directed to Neil Whiteside at the address shown above.

**THIS SCHEME IS ONLY AVAILABLE TO CUWS MEMBERS**
